

ULTRASONIC AIR HUMIDIFIER

AIR-C150

Data sheet

The mobile ultrasonic humidifier atomizes water into 1 - 5 µm aerosols by means of ultrasonic oscillations.

A built-in fan distributes them into the room via a distribution pipe, the aerosol mist (cold vapor) mixes with the ambient air, evaporates completely and distributes evenly in the room.

Performance features

AIR-C150

- 16 l water tank
- 2 spraying heads
- 3 power levels adjustable
- (3 = highest level, 1 = lowest level)
- Relative humidity in % adjustable
- (40 - 90 % r. h.)
- Room air humidification up to approx. 150 m³
- possible
- Operation by remote control or touch bar directly on the device
- LED display
- Automatic display switch-off
- Incl. remote control

TECHNICAL DATA

Air humidity	40 – 90 % r. F.
Pure water quality	demineralized
Humidification capacity	1,5 l/h
Conductance pure water	0 – 20 µS/cm ³
Power	80 W
Voltage	230 V / 50 Hz
Dimensions (w x h x d)	255 x 255 x 1050 mm
Weight	4,4 kg
Water tank	16 l
